- Q&A

II. Dr. Joseph Peck's background

- Biochemistry major at University of Virginia
- M.D. degree from Medical College of Virginia in 1983
- 3-year anesthesiology residency completed in 1986
- Practiced as anesthesiologist for 20 years.
- 40-year anniversary of being a physician with an active license to practice medicine
- Passionate about wellness

III. How do the LifeWave® patches work?

- Non-transdermal photo biomodulation
 - Reflect infrared light (heat coming from the skin) back at certain wavelengths to cause a specific biochemical effect.

IV. The LifeWave® X39® Patch – Affordable Stem Cell Activation Technology

- Let me ask you:
 - What do you know about stem cells?
 - What if you could activate your own stem cells naturally?
 - Are you suffering from chronic pain, inflammation, or any signs of aging?
- The X39 patch is the first product ever designed to ACTIVATE your body's own stem cells, which is amazing.
- Regenerative Science: Activating Your Own Stem Cells
 - A revolutionary new technology to help your body repair itself.
- David Schmidt, the founder, investor, and CEO of LifeWave, says the LifeWave patches are not just anti-aging, but age-reversal.
- Fact: The X39 patch increase GHK Copper Tripeptide in your blood quickly.
- Fact: GHK Copper Tripeptide activates your body's own stem cells
- Fact: GHK Copper Tripeptide has many beneficial effects besides activating your body's own stem cells. It increases collagen and elastin production, decreases fibrinogen. See book “GHK Copper Peptides” by Loran Pickart.

- Typical health benefits of X39: See handout.
- How quickly do people experience X39's benefits? See handout.

V. Stem Cells

- Stem cells are like 'superheroes' in your body. They're not yet specialized for a particular job, but they can turn into almost any type of cell that your body needs. This is super important for your body, especially when it needs to repair or replace damaged or old cells.
- The problem is that by age 35, you have lost over half of your stem cell activity and by age 60 your stem cell activity will be only 20-30% of its peak. The less Stem Cell activity you have, the faster you age and the slower you heal.
- The New England Journal of Medicine has stated the #1 indicator of wellness is directly correlated to the number of adult stem cells in the blood stream.

VI. Benefits of the different LifeWave® patches – See handout.

X39®

- **STEM CELL ACTIVATION** patch known to elevate GHK copper tripeptide, which is known to enhance stem cell activity and reset about 1/3 of the genome (3,000-4,000 genes) to a younger, healthier state within 24 hours.
- Supports (enhances) cellular repair, pain relief, wound healing, healthy inflammatory response, energy, and better sleep.
- Improves recovery after exercise.
- David Schmidt definitely recommends this for nearly everyone (Note: David says if he could only wear one LifeWave patch, it definitely would be X39.)

X49®

- Activates stem cells, but more laser focused than X39
- Elevates AHK copper tripeptide.
- **Increases muscle** and reduces body fat.
- Improves overall cognition of the brain.
- **Increases bone density.**
- Acts as a Faraday cage to reduce cell phone radiation.
- Especially helpful for seniors.

Energy Enhancer®

- The very first patch developed by David Schmidt.
- Designed to elevate fat burning.
- Anti-aging product.
- Requires the use of two patches at a time (brown and white).

Carnosine®

- Dipeptide (2 amino acids)
- Antioxidant // Carnosine has been shown to reduce oxidative stress and oxidative damage, especially in the brain and in the blood. This peptide protects your telomeres.
- Principally found in the heart, brain, and the muscle tissue // **Promotes overall health and wellness of the brain, heart, and muscles.**

- There are some extraordinary benefits of using this product.
- Mice lived 30-40% longer when on a diet high in carnosine and they stayed young their entire life.
- Improves athletic performance.
- Improves cognitive functions, prevents mental decline and visual degeneration.
- Carnosine is **the most powerful anti-glycation nutrient** that has ever been discovered. What this means is sugars can bind with proteins to create glycation that causes inflammatory stress in the body. Carnosine can reduce this. (Source: <https://youtu.be/VhJOhCN5xoQ>)
- When you use the Carnosine patch, you will definitely see increases in muscle strength and stamina in the very first week (Source: <https://youtu.be/VhJOhCN5xoQ>)

Glutathione®

- **The body's master antioxidant** found everywhere in the body.
- Detoxification in the liver is related to glutathione levels.
- Provides crucial immune support.
- Glutathione patches are clinically proven to elevate glutathione level by 300% on average within 24 hours.

Aculyte®

- Created for horses to provide pain relief (but found to help dogs too)
- Requires the use of two patches at a time (brown and white).

Aeon®

- Began developing in 2009
- **Broad spectrum anti-inflammatory** (reduces pain from inflammation).
- Activates the primitive immune system.
- Principally designed for stress reduction, **balancing the parasympathetic and sympathetic nervous systems.**

IceWave®

- Primary pain relief product
- Have more than 12 clinical studies on just IceWave®
- Often see 50-100% pain relief within 2-3 minutes

Silent Nights®

- Elevates melatonin.
